

VS Buff Super

Polished Floor Cleaner & Maintainer

VS Buff Super is a complete cleaner and maintainer for sealed and unsealed floors. VS Buff Super has been designed to be used as a spray buff as well as a mop-on/mop-off cleaner and maintainer. VS Buff Super will repair and replenish the surface of floor sealers that have been damaged through daily wear and tear. VS Buff Super facilitates easy burnishing, increased gloss and increased slip resistance. VS Buff Super can also be used on unsealed floors to promote slip resistance as well as removing scuff marks and improving stain resistance.

BENEFITS

- Removes Scratches
- Improves Gloss
- Does not attract dirt – New technology in spray-buff solutions ensures that the floor will not be left sticky or attract dirt after use.
- Improves slip resistance
- Improves durability and wear
- Reduces stripping cycles

Recommended applications:

VS Buff Super is designed to be used in conjunction with a floor buffing pad and mechanical buffing machinery. Use VS Buff Super once or twice a week as a spray buff to restore and rejuvenate polished floors

HOW TO USE

Read and understand the MSDS before use
Always pre-test in an inconspicuous location for sensitivity to chemicals.

Directions: Auto-scrubber or mop bucket use

1. Dilute 1: 60 with water

Directions: Spray buffing

2. Dilute 1: 10 with water
